## PROFESSIONAL SUMMARY

Backend Developer with nearly one year of experience at Cognizant developing SQL/PLSQL solutions and working with Oracle databases and O9 Supply Chain concepts. Skilled in Python, FastAPI, PostgreSQL, REST APIs, and database design with strong fundamentals in Data Structures & Algorithms, DBMS, Operating Systems, and Computer Networks.

## WORK EXPERIENCE

### Programmer Analyst Trainee
Sep 2024 – Apr 2025

Cognizant

- Developed complex SQL/PLSQL queries, procedures, and database objects using Oracle for enterprise training tasks.
- Worked with O9 Supply Chain concepts including demand planning, supply planning, and inventory management.
- Debugged and optimized SQL queries while collaborating with cross-functional teams.

### CSD Intern
Jul 2024 – Sep 2024

Cognizant

- Developed advanced SQL queries and PL/SQL programs for data extraction, reporting, and database operations.
- Assisted in Oracle database management and query optimization.

### Cyber Security Intern
Jun 2023 – Jul 2023

AICTE IBM SkillsBuild in Cyber Security

- Completed an intensive 6-week program on Emerging Technologies, focusing on cloud configurations and security layers.
- Gained hands-on competency in networking essentials, threat landscape mapping, and vulnerability assessment protocols.
- Collaborated on structural cybersecurity exercises to construct reliable defenses and evaluate system risk postures.

## PROJECTS

### Hostel Management System
*Python, FastAPI, PostgreSQL, SQLAlchemy*

- Designed a normalized PostgreSQL database with 7+ relational tables and foreign key constraints.
- Developed REST APIs using FastAPI for room allocation, complaints, fee management, and student records.
- Implemented JWT authentication and role-based authorization for Admin and Student users.
- Integrated backend APIs with an HTML, CSS, and JavaScript frontend.

### ChatX Android App
*Kotlin, Firebase*

- Built a real-time chat application using Kotlin and Firebase.
- Implemented Firebase Authentication for secure login and signup.
- Developed one-to-one messaging with Firebase Realtime Database.
- Designed user management, contact addition, and real-time chat features.

## SKILLS

| | |
|---|---|
| **Languages:** | Python, SQL, PL/SQL, C++, Kotlin, JavaScript |
| **Frameworks:** | FastAPI, SQLAlchemy |
| **Databases:** | PostgreSQL, Oracle, Firebase |
| **Web:** | HTML, CSS, JavaScript |
| **Tools:** | Git, Linux |
| **Core:** | Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks |

## CERTIFICATIONS

Cisco Cybersecurity Essentials • Bash Scripting (Udemy) • Oracle SQL / PLSQL (Cognizant) • Supply Chain Management

## ACHIEVEMENTS

- Microsoft Engage 2022 Interview Round
- 100+ LeetCode problems
- 5★ Python & C (HackerRank)

## EDUCATION

**ABES Engineering College** | B.Tech CS — 2020–2024

CGPA: 6.8

**Army Public School** — CBSE XII: 71.6% • X: CGPA 7.8
